64	**Towage**	.....

Telegraphic Addresses may be recorded here.

It is not generally known that a Telegrphic Address may be obtaines upon application to the Postmaster-General at very moderate charges. All persons that travel abroad should have a telegraphic address, either at their own home or near to it, to enable them to communicate any urgent messages that may be required. It saves many charges in a telegram, and greatly enhances the value of this work.
